

# Greeters and Ushers Sign-Up

2018/5779

In the days of the Great Temple in Jerusalem, officials were posted at the gates to welcome worshippers and help them fulfill their roles in the ancient Service. This was considered a great honor.

Here, congregants take positions of honor as greeters and ushers. These leaders represent our congregation to the public. They have the pleasure of helping people make the transition from the secular world outside into the spiritual world that our synagogue provides.

Many people remember their first experience in a synagogue by the greeting they receive. Our regular congregants also appreciate a smile and a warm greeting.
